I feel 2008 was a good year, but "Good isn't Good Enough". For quite awhile we have seen a decline in participation of IN officials and I want that trend to reverse. I would like to get back to the day when the head officials at Regional and National events have trouble deciding how to work us all in, as in years past. We will need to look at what other states are doing to retain and promote our officials and act accordingly.

I am always happy to help with finding officials or getting a Sr. official to give a club clinic if advanced notice is given. Similar, we need to get the clubs involved in supplying workers to support their State wrestling association. Once we have those people, we must make them feel appreciated to retain them.

Big thanks go out to the Section Officials for all their hard work and effort. They were faced with the challenge of both explaining the rules to the coaches and parents and trying to recruit new officials. Not an easy task. We will continue to work on improving tools such as an up to date list of officials and #'s to cover all our events.

I would also like to say a heartfelt thank you to every volunteer that helped make this season possible for the good of Indiana athletes and your state association.
